

Product **Features**

10 year
Warranty

High Gloss & Matte
Protection Film

Our TPU M15 Protection Films have thickness of 190 Microns
While TPU M80 Protection Films have 216 Microns

**These Films are covered by 10-year warranty, provided that
the specified conditions & usage recommendations are applied:**

- ■ ■ **Ultra-Glossy** and Matte finish options
- ■ ■ **Stain Resistant**
- ■ ■ **Easy to clean**
- ■ ■ **Nearly invisible** on the surface
- ■ ■ **Does not yellow** or become matte over time
- ■ ■ **Heat-Sensitive** micro heat over scratch
- ■ ■ **Leaves no adhesive** residue upon removal, ensuring no damage to the original surface
- ■ ■ **High resistance** to abrasion and impact
